

# CONNECTING PEOPLE CREATING OPPORTUNITY

The Monthly Newsletter of Progress at Pittsburgh Yards

## Highlights from our July community update meeting include:

During the July meeting, we distributed the new Pittsburgh Yards Newsletter, issue number 2, to community members that included photos of the MODA Urban Design camp at Pittman Park sponsored by Pittsburgh Yards. See the Pittsburgh Yards website [www.pittsburghyards.com](http://www.pittsburghyards.com) for a PDF version of the newsletter.

As part of a new format for our community update meetings, two working group style sessions were added to the second half of the July meeting. An orientation session was held for any meeting attendees that were new to the Pittsburgh Yard project. The session was held in a format to allow them to ask general questions with a member of the Development Team and have the general FAQs answered about the project.

The second session was an information sharing session hosted by Erika Smith from Invest Atlanta. The session was for the meeting attendees interested in the Invest Atlanta **Accelerate Southside Program**. The Invest Atlanta team addressed questions about their shipping container down-payment assistance and financing programs from the community with the support of the Pittsburgh Yards Development Team.

## August Working Group Meeting Schedule -

Entrepreneurship Working Group & Shipping Container Courtyard Update - Wednesday 8/21/2019, 5:45PM-7:00 PM at Community Grounds Cafe
